## Frequently Asked Questions: What to Expect when Purchasing a BestOfEarth 360 Streaming Ticket

Q	A
What do I get when I buy a streaming ticket for the BestOfEarth program?	A streaming ticket unlocks access for you to enjoy 6 hours of 360-degree fulldome films which have been curated by this international co-op of Fulldome Festivals as the world's best submissions. Head straight to the ticket shop for purchase and to find more technical specs here, or read-on for streaming schedule and more FAQs: <a href="https://tickets.fulldome-festival.net/event/all-inclusive-bestofearth-streaming-access-code-via-fulldome-festival-jena/">https://tickets.fulldome-festival.net/event/all-inclusive-bestofearth-streaming-access-code-via-fulldome-festival-jena/</a>
Fulldome is a large-scale and physical format. How do I get to see these films, when I'm not in a Planetarium?	The planetarium experience is simulated and viewable as a spherical 360-degree stream on your computer, laptop, tablet, VR Headset, or mobile phone. As a viewer you can move your head, or the point of view on the display to get the impression of being in a 360-degree Planetarium or fulldome theatre. This allows you to enjoy the spherical video.
Should I get a VR-Headset to watch the stream?	A VR-Headset is a great tool to experience the impact of being immersed in the fulldome film if one can't attend in-person. Moving your head around allows you to see what's going on in the 360-degree virtual space. These BestOfEarth films can also be enjoyed on a computer, tablet or mobile phone with interactivity to peer around the virtual sphere by clicking where you'd like to view.
What is it like to watch 360-degree fulldome films?	Fulldome leaves the flat, rectangular screen behind that is common in a movie or video game and surrounds you with content, choreographed for a 360-degree experience.
What are the BestOfEarth films about?	The BestOfEarth selection is a showcase of what's current, new, and exciting in fulldome production. Short and feature length submissions range in content from science and entertainment to art, experimental works, and visual music submissions. This 6 hours of programming has been selectively curated to feature some of the best works happening in the international fulldome community, for you to enjoy in one 6 hour segment. The 6 hrs program is divided in 4 blocks of 90 min. Find out which show is playing in which of the <b>Best Of Earth Blocks</b>
Can I also see these films in a Planetarium?	Yes, the BestOfEarth selection is screened as part of the in-house programming of four fulldome festivals taking place on three continents simultaneously. The 360-streaming ticket allows you to enjoy the BestOfEarth top selects, whether or not you can attend in-person. See below for times and locations.

## #BestOfEarth

<p>Does the stream run one time only? What about different time zones?</p>	<p>The BestOfEarth program is streamed three times within the timeframe of the festivals, October 8-10<sup>th</sup>, 2021. Check the streaming schedule to find what's most convenient for your location and time zone: The <b>Global Streaming Schedule</b> tells when the BestOfEarth selection is playing in which time zone.</p>
<p>Do I have the watch the whole 6 hrs. in one, continuous run?</p>	<p>No. The access code that comes with the ticket allows you to go in and out of the stream as you wish. The 6 hours of BestOfEarth programming is divided into 4 blocks which are 90 min each. You can create your own, personal fulldome festival schedule. The stream will be with you in your armchair, on the beach, or on a mountain top (within service, Oct 8-10).</p>
